Moments of Happiness

EXCEPTIONAL PLEASURE INTERIORS FOR PEOPLE WITH STYLE

Already in ancient times, the Greeks recognised that bliss, enjoyment and lust for life are the fundamentals for a fulfilled life. More than 2400 years ago, the Greek philosopher Aristippos of Cyrene founded hedonism - a philosophical current which does not focus on the constant, unreflected need for more, but simply on happiness and the human striving for joy and lust for life.

We are inspired by this philosophy and inspired of the desire to create something new. In order that our customers can consciously enjoy relaxed and intimate hours, we develop extraordinary furniture of incomparable appeal and quality. Every HEDOS pleasure object is a unique collector's item. Created out of passion, inventive talent and the will to perfection - for people with unique demands in themselves and in the world they live in.

Highest Standards

UNCOMPROMISING SOLUTIONS AT THE HIGHEST LEVEL

CAPTIVATING DESIGN

Every HEDOS pleasure object is a style icon. Designed and constructed for modern, global living environments with the highest standards of design and aesthetic durability. We do not follow short-term fashion trends, but create design interiors and objects that will captivate their owners with their subtle elegance even after years of use.

LUXURIOUS MATERIALS

We make no compromises when selecting our exquisite materials. In our manufactory, we use without exception the finest leathers from renowned tanneries, the highest quality textiles and precious woods from local forestry.

BOUNDLESS INDIVIDUALITY

No two HEDOS pleasure objects are the same. Each is an expression of its own personality and its own feeling of joy and pleasure. Our customization services range from assembling a wide variety of components, using a wide variety of interior and exterior materials, to developing completely customized objects.

STATE-OF-THE-ART TECHNOLOGY

For our objects of pleasure we use technologies that set new standards in the world of luxurious enjoyment: Movements of the highest precision and the finest German horological skill, innovative watch winders of the highest quality, wine cabinets with the latest cooling and climatic zone technology, the best humidor technology, unique sound systems as well as state-of-the-art ambient light with fading technology.

GERMAN CRAFTSMANSHIP

Our objects of pleasure are the result of German inventive talent and German craftsmanship. Every detail and every function testifies to uncompromising perfection and the will to offer our customers authentic luxury objects of the highest quality - values for eternity. Everything 100 percent „Made in Germany“.

ECOLOGICAL AND SOCIAL RESPONSIBILITY

Ecological and social responsibility are deeply rooted in our corporate culture. For this reason, we only use wood from sustainable, local forestry and chrome-free tanned leather from renowned European tanneries for the production of our objects. And we also pay strict attention to compliance with the highest German social and environmental standards in the production of our luxury objects.

INFORMATION ABOUT OUR MASTERPIECES

FOR THE MASTERPIECES OF HEDOS WE USE ONLY THE FINEST, HAND-PICKED MATERIALS FROM GERMANY AND EUROPE, WHICH MEET THE HIGHEST QUALITY AND ENVIRONMENTAL STANDARDS. AND WHEN IT COMES TO BUILT-IN ELECTRICAL APPLIANCES AND OTHER INTEGRATED PLEASURE COMPONENTS, WE MAKE NO EXCEPTION: BECAUSE WE RELY ONLY ON TOP PRODUCTS OF GERMAN OR EUROPEAN ORIGIN, WHOSE TECHNOLOGY OR QUALITY IS WORLD-LEADING AND HAS ENJOYED A UNIQUE REPUTATION FOR MANY DECADES

GENUINE LEATHER

WE USE ONLY THE BEST LEATHERS FROM RENOWNED EUROPEAN TANNERIES TO COVER OUR PLEASURE OBJECTS. THE FINE UPHOLSTERY LEATHERS OF THE HEDOS LEATHER COLLECTION CAPTIVATE BY THEIR NATURAL BEAUTY, ARE VERY DURABLE AND ARE CHARACTERISED BY THEIR ABOVE-AVERAGE LIGHT FASTNESS. ALREADY WHEN SELECTING THE SKINS TO BE USED, WE TAKE GREAT CARE TO ENSURE THAT, ONLY ENVIRONMENTALLY FRIENDLY, CHROME-FREE TANNED SKINS OF THE BEST QUALITY ARE USED FOR THE PRODUCTION OF OUR EXCLUSIVE UPHOLSTERY LEATHERS. THE HEDOS LEATHER COLLECTION COMPRISES A TOTAL OF 10 BEAUTIFUL LEATHER COLOURS, ALL OF WHICH ARE ALSO AVAILABLE AS „EMOTIONS“ VERSION IN DIFFERENT HAND-WIPED REPTILE AND STRUCTURE EMBOSSINGS AS PART OF THE HEDOS BESPOKE PROGRAMME. FURTHER LEATHER COLOURS AS WELL AS EXCEPTIONAL FURS ARE ALSO AVAILABLE AS PART OF THE HEDOS BESPOKE PROGRAMME. OUR UPHOLSTERY LEATHERS REQUIRE NO SPECIAL CARE. A THIN SPECIAL LAYER PROTECTS THE LEATHER FROM HARMFUL ENVIRONMENTAL INFLUENCES. IF THE LEATHER IS DIRTY, WE RECOMMEND TO CLEAN IT ONLY WITH LUKEWARM WATER AND A SOFT CLOTH. PLEASE DO NOT USE SOLVENTS, CHEMICAL CLEANERS OR OTHER AGGRESSIVE SUBSTANCES. IF NECESSARY, THE LEATHER SHOULD BE TREATED TWICE A YEAR USING A SPECIAL „CLEANING SYSTEM“ RECOMMENDED BY US.

WOODS

FOR THE PRODUCTION OF OUR PLEASURE OBJECTS WE ONLY USE CAREFULLY SELECTED SOLID WOODS FROM DOMESTIC, SUSTAINABLE FORESTRY. THEY CAPTIVATE WITH THEIR EXTRAORDINARY GRAIN, FASCINATING PLAY OF COLOURS AND WONDERFUL, NATURAL FEEL. IN TOTAL, THE HEDOS WOOD COLLECTION COMPRISES A SELECTION OF SEVEN WOODS, WHICH ARE PERFECTLY MATCHED TO THE HEDOS LEATHER COLLECTION AND THE INTERIOR COVERS. WITHIN THE HEDOS BESPOKE PROGRAMME, MANY OTHER NATURAL WOODS AS WELL AS WOODS WITH HIGH-GLOSS FINISHES CAN BE OFFERED OR REALISED. IN ORDER TO PRESERVE THE BEAUTY AND THE PLAY OF COLOURS OF THESE UNIQUE WOODS, WE RECOMMEND TO CLEAN THEM ONLY WITH A MICROFIBRE CLOTH OR A GENTLE WOOD CARE PRODUCT.

IN ADDITION TO OUR FINE NATURAL WOODS, OUR CUSTOMERS CAN ALSO CHOOSE BETWEEN FIVE HIGH-QUALITY SILK-MATT COLOUR VARNISHES, WHICH CAN ALSO BE PRODUCED IN A 5-COAT HIGH-GLOSS VERSION AS PART OF THE HEDOS BESPOKE PROGRAMME.

TO ENSURE THAT THE FUNCTION OF YOUR WATCH IS NEVER IMPAIRED, OUR WATCH WINDERS MAKE 1,900 REVOLUTIONS PER DAY, 950 OF WHICH ARE IN EACH DIRECTION. THIS FREQUENCY CORRESPONDS TO THE MAJORITY OF THE AUTOMATIC WATCHES AVAILABLE ON THE MARKET. HOWEVER, THANKS TO ADVANCED TECHNOLOGY, THIS FREQUENCY CAN BE SET INDIVIDUALLY. THIS FUNCTION THEREFORE GUARANTEES THAT THE WINDING MECHANISM IS PERFECTLY ADAPTED TO THE CORRESPONDING WATCH. WHEN THE WATCH WINDERS ARE STOPPED, THE WATCHES AUTOMATICALLY POSITION THEMSELVES VERTICALLY, THE WATCH WINDERS ARE POWERED ENTIRELY BY THE MAINS. THANKS TO TWO SIMPLE 1.5-VOLT ALKALINE BATTERIES, THE OPERATION OF OUR WATCH WINDERS IS GUARANTEED EVEN IF THE POWER SUPPLY IS INTERRUPTED.

EQUIPMENT

WINE CLIMATE CONTROL CABINET

PROPERLY STORED, BOTTLED WINE FURTHER DEVELOPS ITS NATURAL AROMA, BECAUSE AT THE PEAK OF MATURITY, WINE BECOMES DEEPER AND MORE COMPLEX. IN ADDITION TO A GOOD SUBSTANCE OF THE WINE, CONSTANT STORAGE CONDITIONS ARE THE BASIC PREREQUISITE FOR LONG-TERM STORAGE. OUR GRAND CRU WINE CLIMATE CONTROL CABINET CREATES IDEAL CONDITIONS FOR BOTTLE AGING, SIMILAR TO THOSE IN A WINE CELLAR. A SUFFICIENTLY HIGH HUMIDITY AND A CONSTANT TEMPERATURE ARE MAINTAINED THROUGHOUT THE INTERIOR. THIS CAN BE INDIVIDUALLY ADJUSTED FROM +5°C TO +20°C AS REQUIRED - DEPENDING ON WHETHER THE BOTTLES ARE INTENDED FOR EARLY ENJOYMENT OR LONGTERM STORAGE. IN ADDITION, THE WINES ARE PROTECTED FROM UV LIGHT, WHICH ALSO AFFECTS THE QUALITY OF THE WINE, AND FROM VIBRATIONS. THE INTEGRATED LED LIGHTING ALSO SETS THE WINES PERFECTLY IN SCENE.

REFRIGERATOR & COMPACT COOLER COMPARTMENT

THE INTELLIGENT PULL-OUT REFRIGERATOR IS AS VERSATILE AS A CHAMELEON. REFRIGERATOR OR FRIDGE-FREEZER COMBINATION - EVERYTHING IS POSSIBLE. IF REQUIRED, THE PATENTED FREEZER COMPARTMENT CAN BE EASILY REMOVED TO GAIN ADDITIONAL SPACE FOR COOLING. THE PULL-OUT REFRIGERATOR IN PREMIUM DESIGN WITH BLUE INTERIOR LIGHTING ALSO IMPRESSES WITH ITS EXCELLENT COOLING PERFORMANCE AND ITS SMOOTH-RUNNING DRAWER PROVIDES EASY ACCESS TO THE DRINKS. THE COOLING UNIT HAS A CAPACITY OF ABOUT 38.5 L AND HAS A 6 L FREEZER COMPARTMENT. THE DESIRED TEMPERATURE IS SET MANUALLY. THE ELECTRONIC CONTROL OF COMPRESSOR AND FAN POWER ALSO ENSURES QUIET OPERATION AND LOW POWER CONSUMPTION.

AND ALSO THE COMPACT COOLER COMPARTMENTS OF THE CURVE 06 MODELS ARE TRUE SPACE MIRACLES. DESPITE THEIR SMALL SIZE, THEY OFFER SUFFICIENT SPACE FOR SMALL WHITE WINE AND CHAMPAGNE BOTTLES AS WELL AS FOR SUFFICIENT NON-ALCOHOLIC BEVERAGES. THE TEMPERATURE CONTROL WITH INFINITELY VARIABLE THERMOSTAT IMPROVES ENERGY EFFICIENCY AND ALLOWS INDIVIDUAL TEMPERATURE CONTROL IN THE RANGE FROM 0°C TO +15 °C. A USER-FRIENDLY OPENING AND SMOOTH-RUNNING PULL-OUT TECHNOLOGY ALSO ALLOWS DRINKS TO BE REMOVED EASILY.
